Broker Commission capped at 15%, can result in up to 10% in direct savings!**

What other AceTech members have to say:

"Our team has enjoyed greatly working with Olivier and The Hull Group for all our insurance needs. Olivier is a true partner. He saved us money in fees and got us better protection for what we needed. He is responsive, business oriented and a pleasure to work with. I highly recommend Olivier and Hull Group"

-Mark Wallace (President, Medgate)

"Olivier was great at listening to our needs and was responsive and thorough in getting us the coverage we needed. I'd highly recommend him to other AceTech members!"

- Neil Wainwright (CEO, Nexonia)

"The Hull Group made it easy to get the required insurance in place we needed to accommodate for our growth and made what could otherwise have been a time consuming and difficult process simple and easy. Olivier is highly knowledgeable of insurance and 'gets' tech companies. It was a pleasant contrast compared to dealing with brokers which are not specialists in dealing with tech businesses. I would recommend the Hull Group as a broker to work with to any Acetech company."

- Eliot Muir (CEO, INTERFACEWARE)
