We are often asked, why the name "Lime" ... simply add a drop and you'll notice the difference.

Our team shares a wealth of experience, talent and the ability to deliver strategically sound campaigns to your audience.

Lime is strongly committed to delivering measurable results; it's one of our primary principles – when your company wins, Lime wins.

Our team is proven and accountable, and provides full marketing experience and services for advertising, digital marketing, incentive programs, loyalty programs, website and App design, social media programs and a host of other mediums.
