*Providing organizations with an easy way to create, customize,
and manage technology for meetings & events.*

WHY USE EVENTMOBI?

Measure the success of your event investment with all-in-one event technology that tracks registrants from invitation to post-event reporting. Registrant data flows into the event app where attendees engage with the event and with each other. Identify influencers, track document downloads and collect valuable feedback through polls and surveys. For prospect and customer facing events, integrate with your CRM to track progress over time. With everything easily managed online and supported by the EventMob team, implementation and ramp-up time is minimal.

- + Reduce Paper Waste
- + Live Audience Polling & Feedback
- + Enhance Educational Experience
- + Cut Costs
- + Streamline Content Distribution
- + Improve Networking
